

## Advice for Employers

Are you a business owner looking to hire someone for a part time job?

Can you offer a few hours of work a week to a local teenager?

There are many benefits to employing a teenager. They are young, dynamic and excited to take their first steps in the world of work and get to know more about businesses like yours.

We are passionate about providing local teens with the local opportunities they need. Your part time job could give them a head start and lead on to a great career, allow them to earn a little extra money and give them a break from their phone screens for a while!

Are you looking to employ a teenager, particularly those aged 13-16, and you are not sure about Child Employment Law?
